# We make sure you are heard

**T**he **New Mexico Association of Secondary School Principals (NMASSP)** speaks for middle level and high school principals, assistant principals, supervisors, and other administrators throughout New Mexico. We understand the obstacles that administrators like you face every hour of every day. We're working harder and faster than ever before to give you practical, peer-tested solutions to these daily challenges.

In an education climate of greater demands and fewer resources, school leaders must be heard. We provide you with the **inspiration and support to guide improvements in your school** and a **strong voice to reach your state and national administrators, legislators, and media.** With the help of an experienced team of lobbyists, we communicate directly with legislators to enhance education policy and ensure the success of your schools.

Whether you're a new or veteran administrator, you can make a difference for your school, for your state, for our nation. If you want to change legislators' minds about what's really happening and what's really needed in education, join the NMASSP/NASSP team today. There's power in numbers—and we're growing every day. From the classroom to the statehouse to Capitol Hill, we are changing minds where it really counts.

**Join us! You need to be heard.**

**NMASSP and NASSP membership is one of the most important investments you can make in yourself, your school, and the future of education in New Mexico and the nation.**

## Members can't say enough...

*"I find it amazing that there are a good percentage of administrators who never belong to any professional organization during their tenure as an administrator. NMASSP and NASSP have provided me with professional research, best practices, and state and national forums which provide an avenue of networking with professionals who are on the cutting edge in education. I appreciate what NASSP has provided for me in my tenure as a school administrator. Thank you, NASSP."*

—Pat Lujan, Assistant Principal  
Goddard High School, Roswell

*"I have found that being a member of NMASSP/NASSP has opened the doors to a number of professional growth opportunities. The monthly publications are super, the national conferences are both research and practitioner based, and the networking opportunities abound. As long as I am a principal—I will remain an active member!"*

—V. Scott Affentranger, Principal  
V Sue Cleveland High School, Rio Rancho

*"Being a member of NMASSP/NASSP has given me the opportunity to utilize professional journals and publications to gain an understanding of trends in the American educational system, thereby providing professional and pragmatic resources to address current reform initiatives within my own school."*
